

---

"Drawings.6.pro torrent" The latest release in Netlab's "Drawing Power" series, Drawing 6 is for the budding artist who wants to reach new levels of color and watercolor technique, but might not have access to expensive equipment or materials. Learn specific techniques using the custom 6-step lesson plan! You will learn about mixing proportions of pigment with water, color theory, brush strokes and you will even get to use various tools like the palette knife! The lessons are short enough that you can make time for them in your schedule and there is a support forum waiting should you get stuck somewhere along the way. Want to take it further? With the free lesson provided at the time of purchase, you'll get a head start on the next level!

The lessons are spread across 6 levels of increasing difficulty. Each lesson is between 3 and 30 minutes long and you can replay them as many times as you need:
